

SPRINGBOARD

Leeds Health and
Care Academy

This award-winning international programme is a three-month personal and work development initiative aimed at women working in non-managerial roles.

Springboard helps women to shake off the effects of limiting stereotypes in society. Women are supported to assess themselves, set goals and develop practical interpersonal skills and the self-confidence necessary to achieve success in their lives.

WE ARE LOOKING FOR THE NEXT GENERATION OF INSPIRATIONAL LEADERS TO TAKE PART IN THIS PROGRAMME.

The programme is fully-funded by the Leeds Health and Care Academy, and we have 20 places available for the upcoming cohort. We encourage women from a BAME background to apply, however the programme is open to women from all ethnicities, and of all ages.

This course is available to women working across Health and Care in Leeds, up to and including Band 6 / PO4 or equivalent.

PLEASE VISIT THE SPRINGBOARD PAGE OF OUR WEBSITE TO FIND OUT MORE AND APPLY FOR THE PROGRAMME.

"I truly reflected on my achievements, on what I want to do with my career, and it's helped with my confidence. Above all, I met some amazing people!"

Gabby Voinea, Forum Central.

"Within a few months of completing the programme and utilising the tools and skills I gained, I got a strategic role within the education sector. I truly believe if it had not been for this programme I would not have even applied for the role."

Gemma Williams, Leeds City College.
